COMPLIANCE ASSURANCE
SUSTAINABLE FUTURE

About **US**

ARCHISTRY & Partners, based out of **KOLKATA, West Bengal, India** is an integrated multidisciplinary **Design Consortium** specializing in the planning, design, engineering, regulatory coordination, and delivery support of healthcare and medical institutional infrastructure.

Our team combines expertise across healthcare architecture, medical planning, engineering systems, compliance advisory, landscaping & sustainability, and institutional infrastructure development to deliver environments that are **efficient, resilient, compliant, and future-ready.**

From multi-specialty hospitals and diagnostic centres to medical colleges, teaching institutions, and healthcare campuses, we provide **end-to-end consultancy** that bridges strategy, infrastructure, and operational excellence.

A Single Integrated Platform for
Healthcare & Medical Institutional
Infrastructure Development

Integrated Expertise
Across Disciplines

End-to-End Consultancy
From Strategy to Operational Excellence

Future-Ready Solutions
Efficient. Resilient. Compliant.

Patient-Centric Environments
Designed for Healing, Care & Wellbeing

Institutional Excellence
For a Stronger Healthcare Ecosystem

Sustainable Impact
Better Today. Stronger Tomorrow.

Our **TEAM** | Your Assurity

DESIGN & PLANNING + HEALTHCARE EXPERT

MEPF ENGINEERING, BUILDING SYSTEMS + GREEN BUILDING & SUSTAINABILITY ADVISORY

STRUCTURAL DESIGN

LANDSCAPE & HEALING ENVIRONMENTS

HEALTHCARE REGULATORY & COMPLIANCE ADVISORY

OUR **ASSURITY**

A Collective of specialists delivering deep healthcare knowledge with assured excellence

ARCHISTRY

The firm's strength lies in its ability to merge deep healthcare knowledge with advanced design thinking – creating spaces that prioritize efficient planning, functionality, and patient well-being, with a focus on innovation and precision, delivering environments that balance clinical performance and architectural elegance, operational efficiency, and long-term sustainability.

20+ years design & 35+ years Medical Expert expertise

SAENT INDIA ENGINEERING CONSULTANTS PVT. LTD

A specialized MEPF consultancy delivering high-performance healthcare infrastructure across India, providing integrated, single-point engineering solutions spanning Electrical, HVAC, Plumbing, Fire & Life Safety, building systems& Green Building expertise—critical to the functioning of modern hospitals.

Nearing 30 years of expertise

SWASTI ENGINEERS & ASSOCIATES

Seasoned Structural Engineer renowned for their precision and innovation in designing complex healthcare and medical institution projects with structural integrity and functional needs of modern medical environments.

10+ years of expertise

LAYERS DESIGN STUDIO

The Firm brings a therapeutic dimension to healthcare and medical institution projects through its expertise in landscape architecture and healing environments. Approach emphasizes therapeutic landscapes that enhance recovery, reduce stress, and create a nurturing connection between patients, caregivers, and the natural world.

16+ years of expertise

I-BUILD CONSULTANCY SERVICES

The team simplifies complex statutory approvals, licensing, and operational compliance. By integrating regulatory foresight with project execution discipline and helps healthcare institutions stay audit-ready, risk-free, and future-ready.

40+ years of expertise

Our **CORE SERVICES** | Your Advantage

DESIGN & PLANNING + HEALTHCARE EXPERT

DESCRIPTION

Patient-centric, functional and healing environments that optimize clinical workflows and operational efficiency, flexibility, and institutional growth.

SERVICES

- Feasibility
- DPR
- Project Planning
- Strategy
- Master planning
- Architecture
- Interiors
- Urban Design
- Expansion & Redevelopment

Focus : Planning • Functionality • Patient Experience • Efficiency • Scalability

MEPF ENGINEERING, BUILDING SYSTEMS + GREEN BUILDING & SUSTAINABILITY ADVISORY

Safe, resilient and efficient engineering solutions for seamless healthcare operations.

- HVAC & Infection Control Systems
- Electrical, ELV & Power Systems
- Plumbing & Medical Gas Systems
- Fire Detection, Protection & Life Safety
- BMS & Smart Building Integration
- Green Building and Sustainibility (IGBC/GRIHA)

Focus : Efficiency • Safety • Reliability • Continuity • Performance

STRUCTURAL DESIGN

Delivering robust, safe, and future-ready structures that ensure healthcare facilities remain resilient, compliant, and seamlessly functional.

- Site Feasibility, Soil, Wind & Structural Input Assessment
- Code-Compliant Technical Validation, Structural Design & Engineering
- Optimized, Value-Engineered Structural Systems
- Resilience, Safety & Construction Support

Focus : Safety • Resilience • Efficiency

LANDSCAPE & HEALING ENVIRONMENTS

Healing landscapes and therapeutic outdoor spaces that promote wellness and recovery.

- Healing Landscape
- Biophilic & Therapeutic Design
- Outdoor Patient & Visitor Spaces
- Green Campus Planning

Focus : Integration of Built and Green • Heal

HEALTHCARE REGULATORY & COMPLIANCE ADVISORY

Structured path through regulatory approvals, accreditation frameworks, and operational compliance.

- Healthcare Licensing Advisory
- Institutional Approval Coordination
- NABH Readiness • Documentation Support
- Accreditation Inputs • Compliance Review
- Fire & Statutory Coordination
- Biomedical Waste Compliance

Focus : Reduced Delays • Risk Mitigation

Why **PARTNER** with **US**

One integrated team → one coordinated solution → one accountable outcome

- **INTEGRATED DELIVERY PLATFORM**

One coordinated ecosystem across planning, engineering, compliance, and implementation

- **SPECIALIZED SECTOR KNOWLEDGE**

Dedicated experience in healthcare and institutional environments.

- **INSTITUTIONAL & GOVERNMENT READINESS**

Structured for public infrastructure, institutional development, and mission-driven projects.

- **COST & RISK OPTIMIZATION**

Better planning reduces redesign, delays, and lifecycle inefficiencies.

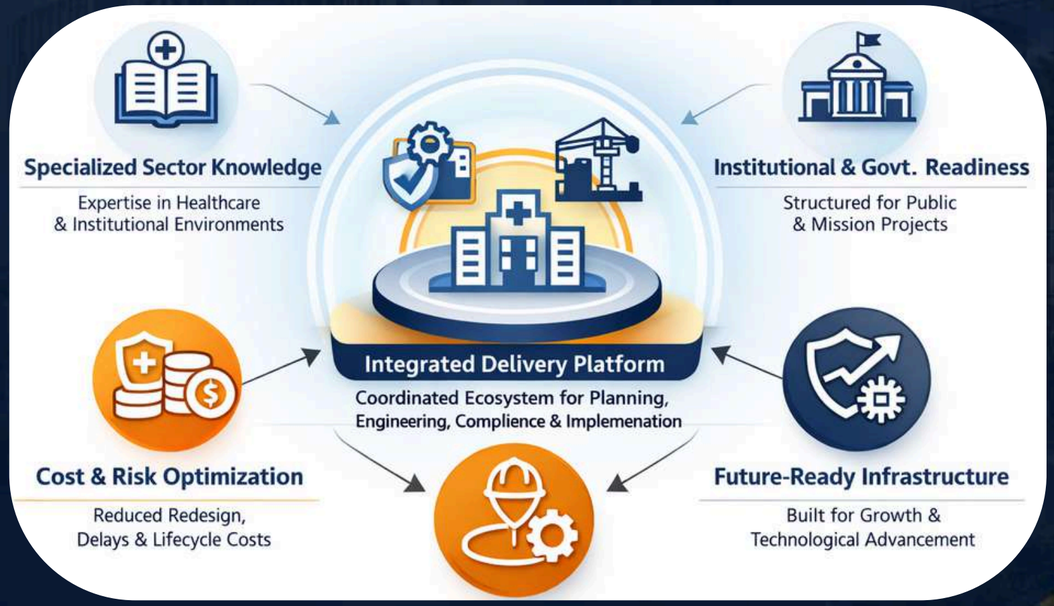

- **FUTURE-READY INFRASTRUCTURE**

Designed for growth, resilience, technology, and operational performance.

SUPPORTING PUBLIC HEALTHCARE INFRASTRUCTURE DEVELOPMENT

Our integrated consultancy model is aligned with the growing need for

Public healthcare expansion
Medical education infrastructure
Tier I, Tier II & Tier III healthcare development
Sustainable healthcare & medical campuses
Institutional healthcare modernization

OUR COMMITMENT

Patient-Centric Design | Operational Excellence | Regulatory Compliance | Sustainability & Wellness | Reduced Delays & Risk Mitigation

Our **APPROACH**

01 VISION & FEASIBILITY

Understanding project goals, site potential, and healthcare / institution requirements.

Outcome: Clear Vision & Feasibility Confirmation

02 MEDICAL / INSTITUTIONAL PLANNING

Departmental planning, patient flow/institutional requirements, zoning, and operational/ functional strategy.

Outcome: Efficient Layout & Functional Strategy

03 ARCHITECTURE & ENGINEERING

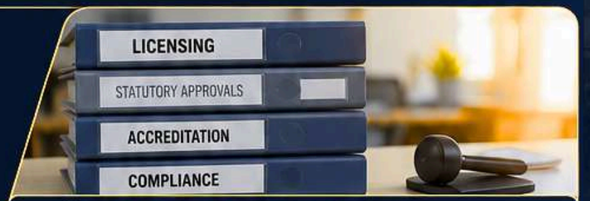

Integrated design coordination across architecture, structure, MEPF, and sustainability.

Outcome: Coordinated Design for Safety, Efficiency & Sustainability.

04 COMPLIANCE & APPROVALS

Supporting licensing, statutory coordination, and accreditation readiness.

Outcome: Regulatory Approvals & Accreditation Readiness.

05 EXECUTION SUPPORT

Technical coordination, documentation, and project support through implementation.

Outcome: Smooth Execution & Project Success

A STRUCTURED PATH I INTEGRATED EXPERTISE I BETTER OUTCOMES

WHAT **WE DO** I Project Typologies

HEALTHCARE FACILITIES

- Multi-specialty Hospitals
- Super-specialty Hospitals (All Scales)
- Mother & Child Care Facilities

CLINICAL & DIAGNOSTIC INFRASTRUCTURE

- Diagnostic Centres
- Dialysis Centres
- Daycare centre, Polyclinics & Nursing Homes
- Rehabilitation Centres

MEDICAL & INSTITUTIONAL PROJECTS

- Medical, Nursing & Pharmacy Colleges
- Teaching Hospitals
- Allied Health Campuses
- Institutional Healthcare Developments

PUBLIC HEALTHCARE INFRASTRUCTURE

- Government Healthcare Facilities
- Rural Healthcare Infrastructure
- Institutional Upgrades
- Community Healthcare Projects
- Healthcare Expansion Programs
- Public Health Institutional Upgrades

WE PARTNER FOR

- Government & Public Health Infrastructure
- Hospitals & Healthcare Promoters
- Medical Institutions & Educational Campuses
- Public-Private Partnership (PPP) Projects
- NGOs, Trusts & Healthcare Foundations

"We aim to collaborate with government agencies, healthcare trusts, institutional bodies, and public-private initiatives to deliver impactful healthcare infrastructure solutions"

ALIGNING WITH NATIONAL PRIORITIES

- AYUSHIMAN BHARAT
- PM-ABHIM
- NATIONAL HEALTH MISSION
- SUSTANABLE DEVELOPMENT GOALS

WHAT **WE HAVE DONE/DOING** I Selected Projects

PROJECT DISCLAIMER

Representative portfolio imagery shown herein reflects the combined professional experience and relevant project associations of the integrated consultant team. Individual projects may have been delivered by respective partner organizations in independent or collaborative capacities.

Disaa Super Speciality Hospital, Uluberia, WB (500 bed)

Orthocare Speciality Hospital, Kolkata (60 Bed)

Bhagirati Neotia Women & Childcare, Kolkata

IQ City Multi Speciality Teaching Hospital, Durgapur, WB (650 bed)

Future Oncology Hospital and Research Centre, Sonarpur, WB

Pharmacy College, Bolpur, WB

WHAT WE **HAVE DONE/DOING** I Selected Projects

PROJECT DISCLAIMER

Representative portfolio imagery shown herein reflects the combined professional experience and relevant project associations of the integrated consultant team. Individual projects may have been delivered by respective partner organizations in independent or collaborative capacities.

Apollo Hospital, Annexe Building, Kolkata

Neotia Getwell Healthcare Centre, Siliguri, WB

Sankar Netralaya, Mukundakur Ext, Kolkata

NH Rajarhat Extension, Kolkata

Mother & Chilcare, Churu, Rajasthan

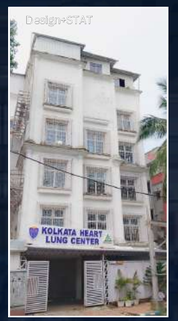

Calcutta Heart Research Institute, Kolkata

Tertiary Healthcare Hospital, Uluberia, WB

Calcutta Heart Research Institute, Kolkata

KHLC, Kolkata

BNS Ayusmati, Birbhum, WB

Seven Hills Hospital, Mumbai

AMRI Hospital, Kolkata

Manipal Hospital, Bangalore

Healthworld Hospital, Durgapur, WB

WHAT **WE HAVE DONE/DOING**

Selected Projects List

- IQ City Hospital and Medical College, Nursing College, Hostels at Durgapur, WB
- GGIHA, Asansol, WB
- Super Speciality Hospital, Uleberia, WB
- Orthocare Hospital, Koklata
- BNS Ayusmati, Birbhum, WB
- Diagnostic & Health Care, Dhuliyan, WB
- Tagore Mission, Pharmacy College, Bolpur, WB
- Joda Hospital
- Rediology Hospital
- BM Birla Hospital
- TATA Angul Hospital
- Medica Superspecialty Hospital
- Neotia Healthcare Hospital
- Bhagirathi Neotia Women Child Care Hospital, Kolkata
- Apollo Glengales New 5-storied Oncology Building
- Ramkrisna Mission Sishumangal Hospital
- Calcutta Heart Research Institute
- Appolo Hospital
- Park Hospital
- Susrut Eye Hospital
- Peerless Hospital
- Mother & Child Care Hospital
- Mukundapur New Hospital – R. N. Tagore Hospital
- Hospital Building – R. N. Tagore Hospital
- Woodland Hospital
- Noamundi Hospital
- Raiganj Medical College
- Jhargarm Medical College
- Sankar Netralaya Rajarhat
- Sankar Netralaya Mukundapur
- Peerless Hospital
- Suraksha Diagnostic Pvt Ltd- New Town, Kolkata
- Ispat Cooperative Hospital (150 beds), Kalikapur, Sonarpur
- Health Vista India Pvt Ltd (Portea)
- Kolkata Heart Lung Centre & Research Institute at Kalikapur
- Upasana Diagnostic, Salt Lake
